**Description**

## **RICHIE KOTZEN'S PERSONAL VICTORY RK-100 PROTOTYPE FULL STACK – USED ON THE WINERY DOGS NORTH AMERICAN TOURS**

**This is the amp that lit up stages through The Winery Dogs North American Rours — Richie's personal Victory prototype stack, designed with his tone in mind, hand-labeled by the builder.**

Built during the development phase of Richie's signature amp line, this RK-100 head and cabinet pairing wasn't built for show — it was built for Richie, played by Richie, and toured with Richie. It's the real deal.
