

**Sale Name:** † RICHIE KOTZEN WORLD PREMIERE LEGACY AUCTION †

**LOT 62 - DNA Analogic Gain Fxxker Distortion Pedal – Hand-Signed by Richie Kotzen – Rare First Edition GF-1**

### Description

**DNA Analogic Gain Fxxker Distortion Pedal – Hand-Signed by Richie Kotzen – Rare First Edition GF-1**

This is the **rare original GF-1 model** of the **DNA Analogic Gain Fxxker**, made in Japan in the **late '90s to early 2000s** and **hand-signed by Richie Kotzen** specifically for this auction.

Designed as a no-holds-barred high-gain distortion box, the Gain Fxxker has earned a **legendary reputation** among boutique pedal enthusiasts for its massive tone, unique EQ voicing, and unapologetic edge.

**With its gritty black finish and savage tone shaping, this pedal is pure sonic aggression.**

---

**Tone Features:**

- **Ultrahigh-gain metal distortion** with serious punch
  - **Cut knob:** Shapes ultrahigh frequencies for clarity without harshness
  - **Pick knob:** Adds low-end punch and response — tightens your attack and lets your pick dynamics shine
  - **Level** and **Drive** knobs: Dial in your flavor of sonic destruction
  - Capable of covering a range of heavy styles — from Dimebag precision to Metallica scoops and swampy COC sludge
- 

**Pedal Details:**

- **Signed by Richie Kotzen** in silver on the top of the pedal
  - **Original first edition GF-1 model** – no longer in production
  - Built by **DNA Analogic**, a boutique division of **Kanda Shokai (Japan)**
  - Cosmetic wear and road rash on the housing — this one's been used, not babied
  - **Fully functional and sounds as brutal as ever**
-
