Description

1-of-1 Custom Cornford 2x12 Cabinet – Richie Kotzen Model – Special Factory Build

The Only RICHIE KOTZEN Cornford 2x12 Cabinet Ever Made – Personally Commissioned, Owned, and Used by Richie Kotzen

This is **not** a production piece. This is a **custom-built Cornford 2x12 cabinet**, made by **special request** for Richie Kotzen himself. Factory badged as a “**Richie Kotzen Model**”, this cabinet is an absolute **unicorn – the only one in existence**. Never sold to the public. Never duplicated.

What Makes This a Killer Lot:

- ✓ **1-of-1 Custom-Built Cornford 2x12** – Special order for Richie
- ✓ **Official Richie Kotzen Model Badge** – You will not find another
- ✓ **Owned and Used by Richie** – Part of his personal live/studio rig
- ✓ **British Tone Monster** – Matched perfectly with RK100 head
- ✓ **Exclusive Provenance** – Straight from Richie’s arsenal

✂ This cab was custom-crafted to deliver Richie’s tone in a smaller, punchy 2x12 format — ideal for tight stages or controlled studio sessions without sacrificing the British

firepower of his 4x12s. Whether you're a tone chaser or a serious collector, **this is another Holy Grail Kotzen item** — one-of-one means **you own the only one**.
