### Description

**Richie Kotzen's 1-of-1 Custom Stratocaster Prototype – Flame Maple Top, Dimarzio Loaded**

This is it. The only one like it on Earth.

Built by Fender Japan as a prototype pitch for a Kotzen Strat, this stunning flame-top was 1 of just 2 made. Richie kept the gray version for his daughter—and this natural finish beauty is the lone survivor from that private build.

- ✓ \*Loaded with Richie's signature Dimarzio pickups (Chopper/Twang King)
- ✓ \*Same neck carve as his signature Fender Strat
- ✓ \*Ultra-rare flame maple top with arched contour
- ✓ \*Thinner, sleeker body profile than the production version
- ✓ \*Crafted in Japan – Serial: S040152

This guitar has been part of Richie's personal collection and is being released for the first time ever.
