LOT 41 - Heavy-Duty Warehouse Rolling Safety Ladder – 3-Step – 40" Top Step Height – 450 lb Capacity

Description

Heavy-Duty Warehouse Rolling Safety Ladder – 3-Step – 40" Top Step Height – 450 lb Capacity

Industrial-grade steel rolling work platform ladder by **U-Design / Tri-Arc**, built for safety and durability in warehouse or production environments. Features include:

- 3 wide, slip-resistant serrated steel steps
- 40" height to top platform
- Heavy-duty welded steel frame
- 450 lb weight capacity (see label)
- Rear locking casters and stabilizing feet
- Built-in safety handrails for added balance
- Designed for use near elevated machinery, loading areas, or line access points

Clean unit with excellent structural integrity.

Quantity: 1
