LOT 137 - Mesh Belt Dispenser / Uncoiler – 92" Frame w/ Stainless Roll

Description

Mesh Belt Dispenser / Uncoiler – 92" Frame w/ Stainless Roll
Industrial mesh belt feeder / uncoiler setup, likely used for production applications like pipe jacketing, insulation wrap, or cutting lines.

- Heavy-duty frame, approx. 92" wide
- Stainless steel mesh roll approx. 77" wide
- Mounted on casters for mobility
- Triple roller setup to maintain alignment and tension
- Great for feeding flexible mesh into trim/weld/cut stations
- Ideal for HVAC, refractory, furnace, or metal fab shops

Quantity: 1
