LOT 180 - HYSTER 4,500 lb Electric Forklift – Model E45XM – 36 Volt – NO BATTERY

Description

HYSTER 4,500 lb Electric Forklift – Model E45XM – 36 Volt – NO BATTERY

Model: HYSTER E45XM

Capacity: 4,500 lbs

Max Lift Height: 189"

⚖️ Truck Weight Without Battery: 7,294 lbs
36 Volt System – **Battery NOT included**

Unit was part of Libbey's forklift fleet. Batteries from non-operating units were pulled for deep charging and reconditioning in their maintenance area. These were later liquidated separately, and this forklift is being sold without a battery as a result.

View all photos for cosmetic condition and configuration. Battery required for operation. Sold as shown.

Quantity: 1
