**Description**

**HYSTER 4,100 lb Electric Forklift – Model E50XM – 48 Volt – NO BATTERY – 240" Lift Height**

Model: HYSTER E50XM

Capacity: 4,100 lbs

Max Lift Height: 240"

⚖️ Weight Without Battery: 7,512 lbs

48 Volt System – **Battery NOT included**

This unit came from Libbey's fleet. Forklifts without active batteries were staged for deep charging and battery reconditioning in their maintenance area. Those batteries were later sold separately, and this lift is offered as-is without a battery.

See all images for condition and specs. Sold as shown. Battery required for operation.
